| About TechToday |

TechToday Group was formed in year 2009. It was built for the high demand of I.T. services and solutions. TechToday is a technology solutions and business consulting services-company that supports its clients' pursuit of operational excellence and prosperity. Tech Today offers creative, intelligent approach to the integration of technologies and business processes that meet unique customer requirements with the lowest cost possible.

TechToday offers its diverse I.T. skills and best practices expertise across the region, while ensuring required local support and services for sustaining successful implementations. Our main objective is to offer clients in-depth insight and practical real-world solutions and hardware that meet client expectations.

We are ready anytime to integrate and deliver innovative consulting and technology solutions with a commitment to excellence and client satisfaction.

TechToday Group owns Tech Today Show on the media channels.

| VISION, MISSION AND CORE VALUES |

[O U R • **Vision**]

To be the most dynamic, capable, cost effective, consulting, technology services and I.T. solutions' company in the Levant Area.

[O U R • **Mission**]

Serving clients to achieve I.T. excellence.

[O U R • **Core Values**]

People | Technology | Completion | Innovation | and
Customer Satisfaction.

We believe in being a partner in the growth of the customer and to offer him state-of-the-art solutions, we believe in a long term relationship than a short term approach.

| TechToday's Uniqueness |
